Dear Foundation supporter,

We are pleased to report the Foundation has surpassed the half-way mark of the major fundraising campaign and can announce that as at June 30, 2016, we have received pledges that total \$528,200. As you will see in the “Impact” section of this report, we were delighted to contribute amounts of \$1,000 to “student projects” and “\$5,600 to “engagement and perseverance bursaries” this past year.

Thanks to Foundation supporters such as you, who renew their yearly pledges, we are able to evolve and contribute to the College’s mission by providing tangible solutions to the challenges facing students and additional resources to nurture student self-esteem, perseverance and engagement in college life.

By going the extra mile and demonstrating how much you care, the Cégep Heritage College’s family can continue to advance in its goals of enhancing our students’ learning experience and contributing to an environment which celebrates the importance of inclusion, participation and accessibility as it thrives to provide equal opportunities for students to complete their studies and follow their dreams.

## MY GRATITUDE TO DONORS OF THE CÉGEP HERITAGE COLLEGE FOUNDATION

The Foundation bursary was a blessing to receive and exceeded all expectations and needs for the semester to come. I want to thank you for your consideration in having selected my candidacy for the bursary, for your heart and for Heritage College.

Growing up in a military home, I had known little stability. Moving frequently had impacted my education as well as my faith in long lasting social relationships. The first semesters spent at Heritage renewed my passion for loving others and gave me direction and hope for successful future endeavors. I am grateful for the burden that has been removed with the bursary for the fall semester; providing for me, at my moment of need!

Keep believing you are making a difference!

## FOUNDATION PROJECT FUNDS

In order to help cover the costs of Cégep Heritage student travel and related expenses, the Foundation awarded the sum of \$1,000 (Desjardins) to the **2016 Heritage Guatemala Project**.

**An Early Start: Health and Education for Guatemalan Children in Mayan Villages in Lake Atitlan Region** - is a joint project with the Nursing and Early Childhood Care and Education (ECCE) programs at Cégep Heritage College. Faculty from both programs and students (Amber Smith, Julia Wilson, Juliana Lopera, Melissa Gabie, Kathleen Evans, Courtney McNally) worked collaboratively with health care professionals and early childhood educators to build new resources in health and education, to promote healthy living, positive learning environments in support to an optimal early start for pre-school Guatemalan children.

Faculty and students from both programs provided high quality teacher training and early learning resources already developed by Cégep Heritage College ECCE students; provided training to early childhood educators and health promoters on nutrition, dental health and other health promotion measures; built partnerships with daycare centers and health clinics and supported dialogue and reflection on the critical importance of development, health and learning of young children.

Students and staff came away knowing they had done some powerful work. It is safe to say no one returned to Canada unchanged.

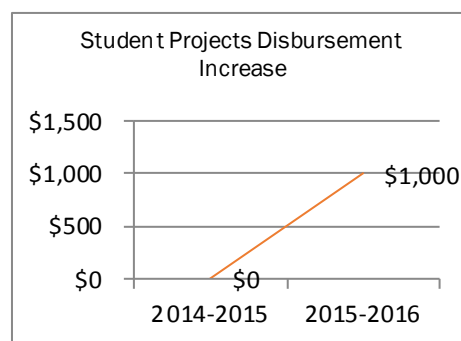

*Special thanks to Laura Massie and Jutta Kurtz and the College faculty*

## ALUMNI AND AMBASSADOR COCKTAIL

Over 70 people attended the Alumni and Ambassador's cocktail, held in the Agora on September 30, 2015. This was a first Cégep Heritage College Alumni event which was well-attended by Alumni, students, employees (current and former) and a variety of college ambassadors from the community. Some Alumni had the opportunity to record video testimonials of their fond memories and unique learning experience at Heritage.

## ALUMNI AND FRIENDS NETWORK

The creation of the new Heritage Alumni Network goes hand-in-hand with the Foundation's objectives to build long-term relationships with alumni, the community, and with industry.

Other advantages of the Alumni Network includes providing a platform which reunites former students and friends of Heritage, providing social and academic connections.

Encouraging networking and celebrating alumni for their accomplishments are the best way the College can continue to cultivate its community. Our Alumni Network and College Foundation are intimately related; they are comprised of dedicated and passionate alumni, employees and parents who have been touched by the exceptional learning experience at Heritage and wish to safeguard its community-driven spirit.

The Foundation was delighted that its rugby field cause had been selected as a finalist throughout Québec and represented the Outaouais region across the province.

### NETWORKING AND BUILDING COMMUNITY TIES
